

May 2005 -

Dear CCDAA Members,

We have been planning to share the new Pre K Standards with you at our May 13, 2005 Section Meetings. However, there has been a delay in the release of the standards so there will be updates only at our May CCDAA Section Meetings. You will receive an e-mail notification once the Pre K Learning Standards are released. We expect to have more Pre K Standards information at the June 9-10, 2005 Statewide Meeting in San Diego as well.

The School Readiness Networks (CA Preschool Instructional Networks or CPINS) will continue to meet. Please see the list of CPIN Regional Leads on our website advocacy page; please contact them for information regarding the meetings in your areas. There is a School Readiness Meeting in Los Angeles on May 13, 2005. Members from Los Angeles may want to have representation at both meetings; CCDAA and School Readiness.

Members in other regions should be aware that activities are being planned in their areas. Each region will be holding focus group meetings this Summer to gather input on the new Standards. Use the attached list to contact your representative.

Please plan to attend our CCDAA June Statewide Meeting in San Diego on June 9-10, 2005 where a panel of CPIN Coordinators will present the latest Standards information.

Sincerely,

Bruce Ramet, State President
